Travelling.

9. Schoolmasters will be granted personal allowance at the rate of 3*s.* 6*d.* a-day, while travelling on duty without troops, by land, river, or coastwise, to join their regiments, or to visit detachment schools; and they will, in addition to the above personal allowance, be reimbursed the actual and necessary expenses of travelling by railway or steamboat, as second class passengers when second class accommodation shall be available, or by any other conveyance as ordinary passengers.

10. For the first and last days of the journey, and when the schoolmaster goes from and returns to his quarters the same day, the allowance will be half the above daily rates, provided in the latter case the distance travelled be not less than ten miles from his quarters.

11. When the schoolmaster is removed from one station to another, and the journey can be completed the same day, half the daily rate will be allowed irrespective of distance.

12. Schoolmasters, when moving with troops, are entitled to marching allowance at the rate of 2*s.* 6*d.* per day, on the same conditions that entitle troops to marching allowance.

13. The travelling expenses of schoolmasters when proceeding *with troops* under a route, will, instead of being separately submitted to the War Office, be charged by the paymaster in his Regimental Pay List, vouched by the route, in which the necessary particulars will be inserted.

14. A schoolmaster transferred fron one station to another without troops will be allowed the actual expense for conveyance of his wife (not being a schoolmistress) and family, provided the cost does not exceed 1*d.* a mile.

16. If ordered on foreign service *without troops*, he, with his wife and family, will be allowed intermediate or second class accommodation and messing at the public expense.

17. Schoolmasters when moving with troops are entitled to conveyance of 3 cwt. of baggage, the cost to be defrayed by an addition to the regimental rate of 1½*d.* per mile for each schoolmaster.

18. When transferred from one station to another by land, they are entitled to charge for the weight of baggage specified in the following schedule, the charges being supported by voucher, showing the actual quantities and rates per cwt. by goods train.

20. The quantities of baggage laid down in the foregoing paragraphs include professional books.

SCHOOLMISTRESSES.

21. Schoolmistresses, whether married or unmarried, are entitled to quarters, with fuel and light for one room, or to the commuted allowance in lieu thereof.

22. Unmarried schoolmistresses, or schoolmistresses whose husbands are on service at another station, or schoolmistresses whose husbands are not in the service, will be entitled to the commuted allowance in lieu of quarters, fuel and light, chargeable quarterly on War Office Form 1097. The commanding officer will certify that the claimant was actually present, and doing duty, and that she was, during the period claimed, entitled to such allowance under one of the conditions specified in this paragraph: the controller will certify that she was not provided with accommodation or fuel or light in kind. Lodging-money also is admissible during the authorized vacations, when such schoolmistresses are certified not to have been provided as above.

23. Unmarried schoolmistresses, pupil teachers, and monitresses are allowed to draw half rations on *Foreign Service*, without any stoppage, unless receiving them in any other capacity. No issues will be allowed at home.

24. Schoolmistresses are entitled, when moving with troops, to marching allowance at the rate of 2*s.* 6*d.* a-day; and when transferred from one station to another, and not moving with troops, to a personal allowance of 3*s.* 6*d.* a-day, according to the rules by which these allowances are granted to schoolmasters. (*See* Articles 12 and 13.)

25. The travelling expenses of schoolmistresses when proceeding with troops under a route, will, instead of being separately submitted to the War Office, be charged by the paymaster in his regimental pay list, vouched by the route, in which the necessary particulars will be inserted.

26. Schoolmistresses when moving with troops are entitled to conveyance of 3 cwt. of baggage, the cost to be defrayed by an addition to the regimental rate of 1½*d.* per mile for each schoolmistress; when transferred from one station to another by land, they will be allowed to charge for the weight of baggage specified in the following schedule:—

27. When travelling by sea, schoolmistresses will be allowed the weight of baggage laid down in paragraph 26.

28. Trained schoolmistresses, when proceeding to or from a foreign station without troops, will be entitled to an intermediate or second-class passage; and when proceeding with troops, to a suitable separate berth.

29. Clause 88, Army Circulars, 1867, Clause 28, Army Circulars, 1868, and Clause 35, Army Circulars, 1869, are hereby cancelled.

Cl. 165.—Conveyance of Discharged Soldiers.

Some misapprehension appearing to exist as to the nature of the allowance referred to in Clause 570 of the Royal Warrant of 1870, officers commanding corps, paymasters and others, are informed that the cost of the conveyance of a discharged soldier to his place of enlistment, or to his home, is borne by the public solely for the purpose of sending the soldier to his home. It is not to be regarded as a gratuity issuable to the soldier when he does not leave the place where he takes his discharge. Warrants in lieu of money for journeys should be issued to soldiers whenever practicable.

Cl. 167.—Remittances from Officers and Soldiers serving in the Colonies.

1. All family remittances made on and after 1st October, 1871, by officers and soldiers serving in the colonies, will be paid by the control paymasters.

2. The remittance vouchers (War Office Form 326), on receipt at the War Office, will be forwarded to the control paymaster of the district in which the remittee may reside.

3. The control paymaster will at once forward, to the addresses furnished in the vouchers, receipts on the forms shown in the Appendix. Upon presentation of these forms, duly completed, they will immediately be cashed by the control paymaster.

4. The several payments made during each month will be scheduled and charged in the paymaster's accounts, under the head of "Remittances from 1st April, 1871."

5. If any question should arise as to the title to a remittance, or if a remittee should die before payment is made, or if any informality should be found to exist in the receipt, the control paymaster will report the matter to the War Office before paying the amount.

Cl. 168.—Service Forfeited during Confinement in Guard Room.

The Secretary of State has decided, with reference to Article 541 (*a*) of Royal Warrant of 27th December, 1870, that a soldier enlisted, re-enlisted, or re-engaged under the Army Enlistment Acts of 1867 and 1870, if confined in the guard-room for any offence for which punishment is awarded to him, cannot be permitted to reckon the period of confinement towards the completion of his limited engagement, even although he may not have been tried for the offence by court-martial.

Cl. 169.—Attestation Fees for Recruits—Ireland.

At those places in Ireland where the magistrates' clerks receive a fixed salary instead of being paid by fees, the sum of 1*s.* paid for the declaration of Recruits or of Army Reserve men, if demanded, will be expended in stamps to that amount, and affixed to the attestation in each case.

Cl. 170.—Fuel and Light—Engineer Officers.

Officers of the Royal Engineers in the occupation of public quarters at home stations, who elect to draw fuel and light, subject to the stoppage prescribed by Article 203 of the Royal Warrant of 27th December, 1870, cannot withdraw from that arrangement till the end of the financial year, except under special circumstances, which should, in every case where they may arise, be reported and approved. The necessary notification will be made by one district controller to another whenever officers are removed to other districts.

Cl. 171.—Baggage—Military Foremen of Works.

The Secretary of State has approved of the following scale of baggage for military foremen of works:—

	Cwt.
1st class (if married)	4
Ditto (if unmarried)	3
2nd and 3rd class (if married)	3
Ditto ditto (if unmarried)	2

CONTROL SERVICES.

Cl. 172.—Issues of Stores on Repayment.

As some misapprehension appears to exist as to the issue of stores to replace articles of equipment lost or damaged by neglect, under paragraph 13, Clause 181, Army Circulars, 1870, the following instructions are issued for the guidance of control officers, and officers commanding regiments.

1. No articles which are brought on charge in the equipment ledgers will, under any circumstances, be demanded or issued on repayment. When such articles are lost or destroyed by neglect, their original cost (which will be found in the Woolwich Vocabulary) will be recovered by the officer commanding from the men in whose possession they were, and credited to the public in the regimental paymaster's accounts.

2. If other articles are required to replace them they will be demanded and issued in the ordinary way, the articles lost or made away with being struck off charge in the usual manner, a reference being made to the quarterly pay list in which credit for the value of the same is given.

ARMY CIRCULARS—*continued.*

3. The only articles of equipment allowed to be issued on repayment without special authority, are:—drum heads; drum snares; strings, bugle or trumpet; stable necessaries; hoof pickers; rangoon oil; tools, artificers', to replace others worn out; small-arm ammunition for shooting matches (according to Clause 206, paragraph 18, Army Circular, December, 1870).

4. In all cases of issues on repayment, the repayment vouchers will state the period of the cash accounts, and the number of the voucher where the credit will be found, as in the case of striking articles off charge, alluded to in paragraph 2.

5. Articles issued on repayment will not be brought on charge, although the packages, if not paid for, should appear.

6. As paragraph 48, page 143, part II., section I., of the Equipment Warrant of 1870 does not appear to be generally understood, officers commanding regiments and controllers are informed that the clause is intended to do away with the issue of articles for the repair of small arms on repayment. The articles will be demanded, supplied, and expended in precisely the same way as materials for the repair of harness, of saddlery, of accoutrements, or any other articles of equipment, as laid down in Clause 40, Army Circulars, 1871.

7. Officers commanding regiments and corps will be held responsible, agreeably to the paragraph in the Equipment Warrant above quoted, that the value of the articles, as per Woolwich Vocabulary, are stopped from the soldier and credited to the public in their pay lists.

Cl. 173.—Weights to be borne by Triangle Gyns and Sling Carts and Wagons.

The following table shows the description of stores used with triangle gyns and sling carts and wagons, and the maximum weights for which the machines should be employed:—

Distinguishing Mark.	Description of Machine.	Blocks, Wood, Bothway's.		Rope, White.		Lever.	To lift.

Cl. 174.—Repair of Flags.

1. With reference to Clause 81, Army Circulars, 1870, and paragraph 225 of the Equipment Regulations, 1870 (Revised Army Regulations, Volume 3), it is notified that flags supplied to Royal Artillery districts being now held on inventory as barrack stores, their repair will be executed under the orders of the Control Department, the Royal Artillery being employed, when convenient, to perform the service.

2. That portion of paragraph 4, page 66, of the Royal Artillery Finance Regulations, dated 1st November, 1850, which relates to the repair of flags, is hereby cancelled.

* Windlass and sockets larger, and points of levers stouter than in the other instances.

Cl. 175.—Appeal against Amounts charged for making good Barrack Damages.

1. Should a commanding officer or head of a department consider the amount assessed for a damage excessive, he will immediately, on receipt of the voucher on which the charge is made, notify to the department assessing the damages his intention to appeal.

2. The appeal, if not put forward at the time named, cannot subsequently be entertained.

3. The commanding officer or head of the department will forward the appeal to the general or other officer commanding, who, if he think proper, will submit it with his remarks for the decision of the Secretary of State for War.

Cl. 176.—Billiard and Bagatelle Tables.

1. The following rules respecting billiard and bagatelle tables will supersede all previous regulations on this subject. Clause 6, Army Circulars, 1867, Clause 74 of 1868, and Clauses 108 and 172 of 1870, are accordingly hereby cancelled.

2. The undermentioned articles will be supplied in the first instance at the public expense, as funds are available, for each billiard-room and for recreation-rooms, under W. O. Circular, No. 846, sanctioned by the Secretary of State for War, viz.:—

Cues	3
Level, spirit	1

Table, bagatelle, complete	1

3. Fair wear repairs to the kamptulicon (or other floor covering round billiard tables), lights and benches, will be made; and the fenders and fire-irons will be replaced when necessary, at the public expense.

4. The whole of the remaining articles must be maintained and left by the officers themselves in good working order, and it must be distinctly understood that under no circumstances will any expenditure for their repair or renewal be admitted as a charge against the public.

5. The commanding officer of each regiment or corps using billiard-rooms and recreation-rooms will be held responsible that the articles detailed above are thus maintained and left in good working order.

6. Billiard-rooms and bagatelle tables will not be inspected by the Control Department, except when a regiment or corps is to be relieved. The billiard-room, with the whole of the articles therein, together with the bagatelle tables and appurtenances, will then be inspected by an officer of the Control Department, assisted by a member of the Royal Engineer Department; the required repairs, &c., being carried out as directed in paragraphs 9 and 11.

Replacement of Appurtenances, and Renewal of the Cloth of Billiard and Bagatelle Tables.

7. The duty of replacing deficient or damaged appurtenances of billiard tables will rest wholly with the officers concerned, except as provided by paragraph 14, and will be carried out under the direction and responsibility of the commanding officer. The articles will, whenever practicable, be obtained from the firm which made the original supply; and the equipment must be completed to the entire satisfaction of the controller.

ARMY CIRCULARS—*continued.*

8. In order that the repairs or renewal may be completed in time for the articles to be handed over to the Control Department in good condition, on the departure of the corps from a station, a preliminary inspection should be made under the directions of the officer commanding.

9. At the inspection directed by paragraph 6, on the removal or relief of the corps, the billiard and bagatelle tables and appurtenances complete will be taken over, and the controller will make arrangements for the execution of such repairs, other than those provided for in the following paragraph, as may be necessary, and can be locally executed. The repairs should then be carried out forthwith at the expense of the officers concerned, and to the satisfaction of the controller and the commanding Royal Engineer.

10. At the inspection referred to in the foregoing paragraph, the condition of the cloth of the bagatelle or billiard table in use will be carefully noted; likewise the condition of the appurtenances, except those of billiard tables in use by one regiment or corps which are to be dealt with under paragraph 7.

11. An amount sufficient to cover the expense of repairing or replacing the damaged appurtenances or cloth, will then be assessed against the outgoing corps. These assessments will not exceed the full value of new articles, including, in the case of the cloth, the cost of fixing it.

12. The amount assessed against the troops under paragraphs 9 and 11 will be at once paid into the hands of the control paymaster by the paymaster of the outgoing corps, and it will rest with the officer commanding, in the case of the billiard-room, to repay the paymaster, which should be done by funds derived from the officers using the room; and to determine, as regards the bagatelle tables, whether the amount shall be taken from the canteen fund, where such exists; or whether it shall be levied on the troops in the ordinary manner.

13. The amount recovered under the preceding paragraph will be accounted for by the control paymaster, the sums received being placed to the credit of exchequer extra receipts. A record of the sums paid by the troops for damage to cloth or appurtenances will be kept by the control department, in order that when a new cloth, or new appurtenances are required, it may be clearly established that the amount needed for the supply has been duly recovered. This record will be open to the inspection of any corps whom it may concern.

14. When it becomes necessary to supply a new cloth, or new appurtenances, the expense will be admitted as a charge against the public, on the special application of the controller to the Secretary of State for War, supported by a certified return, showing that the sum recovered from the troops agrees with the cost of supplying the new articles.

15. The cost of all fuel and light required for the billiard-room must be paid by the officers using the room; no expense upon this account can be allowed to fall upon the public.

Cl. 177.—Magazine Clothing.

1. It is notified for the information of control officers that the first paragraph of Article 480 of the Ordnance Home Regulations is cancelled, and that the undermentioned articles will be worn in place of their ordinary clothing by men employed in magazines, viz.:—Jacket, lasting cloth. Trousers, Oxford cloth. Glengarry, plain blue.

2. The clothing at present in use will remain in wear until unserviceable, when it will be replaced by articles of the above description on application to the director of clothing.

Cl. 178.—Moth, &c. in Storehouses.

Carbolic acid powder will in future be used as a preservative against moth, &c. in storehouses, in lieu of camphor, except for clothing.

Instructions for the working and management of Thomson's patent road steamers are issued with the Army Circular for the guidance of all who may be concerned.

Cl. 181.—Army Advertisements.

The list of newspapers printed in the Appendix, in which Army advertisements may appear, is substituted for that appended to Clause 22, Army Circulars, 1869.

Cl. 182.—Army Schools Regulations.

Regulations for Army schools are issued with this Army Circular for the information of commanding officers, schoolmasters, and all others concerned.

Cl. 184.—Alteration in W. O. Forms.

It is hereby notified that the following alterations in War Office Forms have taken place.

W. O. Book 184 (Index to Records of Soldier's Services) is obsolete, and has been replaced by W. O. Book 235 (Index to Portfolio for Attestations).

W. O. Form 125 (Demand for Ammunition, Practice and Exercise, R. A.) has been cancelled, and is superseded by W. O. Forms 962 and 966.

A new school register and index for children (W. O. Books 79 and 79A) have been issued, and will be taken into use at once.

W. O. Form 72 (Company Clothing List, R. E.) has been cancelled, and is superseded by W. O. Form 621 (Nominal Clothing Roll).

With reference to paragraph 15, Clause 79, Army Circulars, 1870, a new form [W. O. Form 1313] has been prepared to enable a return to be made of repairs of buildings and fixtures subject to inspection of the Royal Engineer Department.

The following new forms have been taken into use:—

W. O. Form 1588, Return of Sick Artificers, &c. of three years' standing and upwards.

These forms are applicable to manufacturing departments only.

G.O. 69.—Autumn Manœuvres.

(Specially issued on 14th September, 1871.)

It is particularly requested that officers of the Army and Reserve Forces, attending the Military Manœuvres as spectators, will not appear in uniform, as their doing so may tend to confusion, and make it difficult to distinguish readily, as it will be most essential to do, those who are on duty with the troops.

Officers can all obtain tickets on application to the Deputy Quartermaster General, Head Quarter House, Aldershot.

G.O. 70.—Schools.

(Specially issued on 19th September, 1871.)

Paragraphs 450 to 465 of "The Queen's Regulations and Orders for the Army" are to be cancelled, and the following substituted instead thereof;—

XI.—SCHOOLS.

450. Regimental schools are established for the purpose of affording to non-commissioned officers and soldiers, and to their children, the opportunity of acquiring a sound and useful education. These schools are under the supervision of the Director General of Military Education.

451. All directions relative to schoolmasters and schoolmistresses, and to the management, inspection, and examination of Army schools are contained in the "Army School Regulations," to which the attention of officers commanding stations and corps is specially called.

452. It is important that the soldier should be able to read and write, and keep his own accounts, as well as be acquainted with his drill. Without such acquirements the soldier cannot look for promotion, and he is deprived of the interest and improvement derivable from the libraries placed within his reach. Every recruit, therefore, shall attend the regimental school from the time of his entering the service until he is in possession of a fourth-class certificate. Those who are able to pass the required examination on first joining the school may be exempted from further compulsory attendance, subject to their acquiring a fourth-class certificate at the first examination for certificates held after they have joined their regiment.

GEN. ORDERS—*continued.*

453. The amount of compulsory weekly attendance of recruits at school will be regulated by the commanding officer, but it must not be less than five hours a week. Enlisted boys shall attend school until they are in possession of a second-class certificate.

454. Commanding officers of corps are to give every countenance and support to the schools by encouraging as much as possible the attendance at school of non-commissioned officers and men, and by requiring that all married soldiers shall send their children to the school of the regiment or garrison, on pain of being liable to be deprived of the privileges attendant on the residence of their wives in barracks.

455. Every soldier is to be encouraged to attend school, until he is reported sufficiently advanced in reading, writing and arithmetic; for this purpose commanding officers are to afford every facility for men whose names are on the school books to attend regularly, and are to require them to do so as a parade or duty.

456. One great hindrance to advancement in the schools being caused by infrequency of attendance, the formation of special classes is very desirable, provided it can be effected without interfering with military duties.

457. In order that non-commissioned officers and soldiers may have an opportunity afforded them of learning the system of paying a company, keeping savings bank and other accounts, all army schoolmasters are to be required to make themselves thoroughly acquainted with these subjects, and to instruct therein those adults attending school who are sufficiently advanced in writing and arithmetic.

458. Commanding officers and others are to afford the inspectors and sub-inspectors of schools every facility for conducting the examinations enjoined by the school regulations.

459. Commanding officers will issue first, second and third class certificates of education, on the recommendation of the inspector of Army schools, under the conditions laid down in the Army school regulations; and fourth class certificates on the recommendation of the sub-inspector of the district; and a return will be made on the 1st of January of every year to the Adjutant General of the number of certificates of each class which are in possession of the non-commissioned officers and men of every corps.

460. As a general rule (except on active service) no private soldier is to be promoted to the rank of corporal unless he is in possession of a third class certificate of education, and no corporal is to be promoted to the rank of serjeant unless he is in possession of a second class certificate. Under special circumstances, however, a commanding officer may, with the sanction of the general officer commanding the brigade or division, promote an otherwise valuable man who may not be educationally qualified.

461. All certificates of education other than those referred to in Art. 459, are to be discontinued, the general Army educational certificates being alone recognized as grounds of promotion.

462. In addition to the school where adults and more advanced children are taught, an infant and industrial school is to be established in every corps.

463. A permanent orderly is to be told off to keep the schoolroom and schoolmaster's quarters clean, and to prepare, if necessary, the schoolmaster's meals.

464. When a schoolmaster is placed in arrest the facts and circumstances of the case are to be reported to the Adjutant General, for the information of the Commander in Chief. If abroad, the general officer commanding on the spot is to give such orders on the subject as he may think fit, reporting the particulars of the whole case to the Adjutant General; but no punishment awarded by a court-martial is to be carried into effect until the proceedings have been submitted to the Commander in Chief, except at the Cape of Good Hope and stations eastward of it.

465. Recommendations for the training of soldiers at the schools of the Royal Military Asylum at Chelsea, communications relating to the promotion, transfer, furloughs and discharge of trained schoolmasters, and generally all questions affecting their discipline, are to be addressed to the Adjutant General of the forces, who will, after conferring with the Director General of Military Education, notify the Commander in Chief's orders thereon. Correspondence regarding the school regulations, the periodical returns and reports of the schools, the appointment, the training, &c. of schoolmistresses, pupil-teachers, and monitresses, the supply of apparatus for the illustration of lectures for the entertainment and instruction of the troops, and the supply of books and games to troops embarking for distant stations, are to be addressed to the Director General of Military Education.

G.O. 71. (*in place of G.O.* 100 *of* 1869 *and* 7 *of* 1870.)—Schools.

1. The appointment of assistant inspector of Army schools in Ireland having been abolished, the general superintendence of Army schools throughout the United Kingdom will devolve on the inspector.

GEN. ORDERS—*continued.*

2. The inspector will, at his discretion, visit the schools throughout the United Kingdom. He will also classify and recommend the award of certificates of education to non-commissioned officers and soldiers, with the exception of fourth class certificates.

3. The inspector will report upon the schools to the Director General of Military Education once a year, and at such other times as he may deem necessary.

4. The duty of examining the schools in the United Kingdom will devolve upon the superintending schoolmasters, who will henceforth be styled sub-inspectors of Army schools.

5. Sub-inspectors are appointed to districts as per margin.

6. Sub-inspectors will examine and inspect half-yearly the schools at the head quarters of regiments within their respective districts, under the detailed instructions issued for their guidance by the inspector of schools. Previous to examining schools at out stations they will obtain the special permission of the general officer commanding the district.

7. At the conclusion of every examination, the sub-inspector by whom it has been made, will transmit to the inspector of Army schools the names and the examination papers of those non-commissioned officers and soldiers whom he considers qualified to receive certificates of the 1st, 2nd and 3rd classes, and he will place before the commanding officer the names of those whom he considers qualified for 4th class certificates only.

8. He will likewise report the general results of his examination and inspection of the adults' and children's schools upon War Office Forms 709 and 887, sending one copy of the latter to the inspector of Army schools, through the assistant adjutant general of the district, and one copy of it and of Form 709 to the commanding officer.

9. Detachment schools may be examined and reported upon when necessary, under special sanction of the Director General of Military Education, in the same manner as head quarter schools.

10 Sub-inspectors will give notice to commanding officers of regiments of their proposed examinations and inspections through the assistant adjutants general of their respective districts.

11. Officers commanding regiments at out stations will arrange that the examinations shall be carried on by the sub-inspectors from day to day without interruption, until concluded.

G.O. 72.—Embarkations.

(Specially issued on 19th September, 1871.)

Regulations for Her Majesty's Indian troop ships being about to be issued, the accompanying extract therefrom (Appendix A) is in the meantime published, containing instructions in regard to details connected with the embarkation of baggage, soldiers' families, &c., which are to be observed by all troops ordered to embark in these vessels while employed on the Indian relief service.

The printed labels for baggage are to be affixed before the packages are sent to the ships, and can be obtained at the head quarters of each military district in Great Britain and Ireland, where supplies of them will be kept.

G.O. 73—Schools.

In future, chapel schools, whether consecrated or unconsecrated, are on no occasion to be used for any other purposes than those of church service and school work.

G.O. 74.—Courts-Martial.

The following is to be substituted for para. 1514 of the Queen's Regulations.

The court-martial book is to contain copies of the charges, findings, and sentences of all courts-martial; such copies to be verified by the signature of the commanding officer.

The original proceedings of every regimental and detachment court-martial, signed by the president, and countersigned by the commanding officer, are to be kept by regiments for one year after the date of the prisoner's release from imprisonment, if such is awarded; or, if not, from the date of trial.

At depôts the signature of the officer commanding the battalion to which the depôt may be attached is required in addition to that of the officer commanding the depôt. This book is also to contain certified copies of all convictions by the civil power. When the imprisonment awarded on such convictions shall exceed that which a commanding officer is empowered to award summarily (viz., seven days), it is to be produced in evi-
as a former conviction in the same manner as that of a court-martial. When, on
hand, a less imprisonment than seven days is awarded by the civil power, it

is be treated only as an ordinary entry in the regimental defaulter book, with regard to forfeiture of good conduct pay, &c. When soldiers shall be transferred, or become non-effective from any cause, the sheets of this book are to be dealt with as directed for the regimental defaulter book (para. 1510).

G.O. 75.—Staff College.

The following will be the subjects of examination in military history and geography at the examination for admission to the staff college to be held in July, 1872.

I. *The Campaign of* 1814, *in France.*—Candidates will be expected to have a general knowledge of the geography of the country, that of Champagne in detail.

II. *The general principles of War.*

Text Books. { Jomini—"L'Art de la Guerre." Hamley—"Operations of War."

G.O. 76.—Sea Kits.

I. Several instances have occurred of regiments and drafts proceeding to India without being supplied with the free suit of white drill clothing, referred to in Clause 125, Army Circulars, 1870, and General Order No. 76, of 1867, in consequence of the articles not having been demanded from the Royal Army Clothing Depôt.

II. Commanding officers are therefore to take care that a requisition in the usual form (if there be no supply in the regimental store) be invariably transmitted to the director of clothing in sufficient time to allow of the articles being issued before embarkation, otherwise they will be made pecuniarily responsible for any allowance which might become due to the men in consequence of their neglect.

G.O. 77.—Magic Lantern Slides for Lectures to the Troops.

Arrangements having been made to provide a regular supply of diagrams and magic lantern slides, to illustrate the lectures which may be given during the ensuing winter to the troops at the several stations in the United Kingdom named in the annexed list marked A, the Field Marshal Commanding in Chief desires attention to the following rules, which have been drawn up for regulating this service,—and he looks for the co-operation of commanding officers towards carrying out the same, by ensuring the circulation of the slides and diagrams with that regularity upon which the success of the measure will mainly depend, and by the maintenance of order and decorum during the delivery of the lectures.

General officers commanding at foreign stations will be pleased to give effect to these regulations within their respective commands, as far as local circumstances will permit, reporting from time to time their arrangements to this department for the Field Marshal Commanding in Chief's information, and with a view to the same being communicated to the Director General of Military Education.

I. The boxes and diagrams, the present stations of which are shown in the annexed list A (Appendix A), should be placed in charge of the senior schoolmaster at the station, or of some other schoolmaster detailed for that duty by the officer commanding.

II. *No box or set of diagrams is to be kept at any station longer than three weeks*, at the end of which it is to be forwarded to the station next in order, as shown by list A.

III. As soon as a box has been forwarded, the form No. 1,* properly filled up, is to be sent to the address given at the bottom of the form.

IV. The form No. 2*, is to be filled up and sent to the same address, on the receipt of a box of slides.

The *name* of the station, the *date*, and the *full title* of the box should be written on *each* form.†

V. When any of the slides are broken or injured, full particulars respecting the damage done are to be written on the margin of form 2.

VI. The slides must be carefully placed in each box, in the order given in the detailed lists, and the spaces between the slides and the sides of the box *filled up with the wool* which has been supplied for this purpose. The slides must be properly packed, to prevent breakage in the transit. The chromatrope, in packing, should be placed at the *back* of the box.

VII. Each box is to be carefully locked, wrapped up in strong paper, and addressed to the officer commanding at the station to which it is sent.

Magic Lantern Slides,
per Rail, &c.

* Forms 1, 2, and notices of lectures, will be supplied by the Director General of Military Education on application.

† Forms are occasionally received which do not contain the *name of the station.*

Digitized by Google

GEN. ORDERS—*continued.*

VIII. The diagrams must be rolled carefully *on the piece of wood that is forwarded with each set*, packed in strong brown paper, and addressed as stated in No. 7. The word *Diagrams* is to be written instead of *Magic Lantern Slides.*

IX. As some of the keys of the circulating boxes have been lost, a pass-key will in future be sent to each of the camps, garrisons, &c., to which the boxes of slides are transmitted. This pass-key is to be given over to the schoolmaster having charge of the magic lanterns, and he will, on removal to another station, deliver it over with the magic lanterns, boxes and diagrams he may have in his possession to such schoolmaster as may be detailed under the orders of the general or other officer in command for that duty.

X. The circulation of the boxes and diagrams is to commence on the 17th of October, 1871, and to cease in March, 1872.

XI. The boxes and diagrams should circulate *not later* than the periods specified in the list A.

The boxes and diagrams are to *remain* at the stations to which they may be sent in March, in charge of the schoolmaster, until again required for circulation.

XII. The text books which lecturers may require for the preparation of their lectures* cannot be supplied at the public expense. They should be provided by the Garrison Library Committees out of the library funds. As the boxes are transmitted to the stations in succession, each schoolmaster will find, on referring to list A, the subject on which he will have to lecture when the next set of diagrams or box of slides shall reach the station to which he is attached.

XIII. Application should be made as early as possible, in conformity with War Office Circular, 1st September, 1870, Clause 153, for such of the following articles as may be required, viz.:—Best Sperm Oil.—Wicks.—Tin Oil Filler.—Chimney Glasses.—Chamois leather.—Camphor.†—Black Oxide of Manganese, Chlorate of Potash (or Oxygen mixture).‡—Lime Ball Cylinders.—Metal Rods for Sheet.—Pair of Scissors.—Brown Paper for Packing.—Twine for Packing.—Sheet or Screen, when required.—Magic Lantern.—Gas Bag and Apparatus for the Oxycalcium Light.

XIV. All communications respecting the magic lanterns, the lectures, &c., are to be addressed to—

The Secretary,
Military Education Branch,
War Office, Pall Mall, S.W.
(Magic Lanterns.)

XV. Lecturers should bear in mind, that:

(1.) As a general rule, it is not advisable that the lecture should exceed an hour in delivery.

(2.) The lecture should be made as interesting as possible; statistical and dry details ought to be omitted, unless the lecturer considers it absolutely necessary that such should be mentioned, for the sake of illustration or comparison.

(3.) All explanations should be in clear and simple language; but, where technical and scientific terms are necessary, they should be explained and rendered as intelligible as possible, having reference to the class the lecturer is addressing.

(4.) *No slide should be allowed to remain in the lantern longer than ten minutes.*

(5.) *Before using the lantern the lenses should be taken out and wiped: the lamp glass should be cleaned, and the silver reflector polished. The pictures will be dim and indistinct if the lenses, &c. are not perfectly clean.*

(6.) *The lime ball cylinders should be gently warmed before they are used.*

* See detailed list of slides and diagrams.

† The camphor can be dissolved in oil gently warmed over a stove, &c.

‡ For *one* lecture, 1 lb. of oxygen mixture, or ¾ lb. chlorate of potash and 2 oz. of manganese.

By command,

RICHARD AIREY,
Adj. Gen.

APPENDIX A. TO G.O. 72.

EXTRACT FROM THE REGULATIONS FOR H. M. INDIAN TROOP SHIPS.

Information to be communicated to Troops preparatory to Embarking.

LUCIFER MATCHES AND AMMUNITION.

Matches, Fusees, Ammunition.]—12. *Lucifer matches and fusees are prohibited.* Any ammunition (public or private) brought on board is to be delivered into the charge of the naval officer of the watch, on the quarter-deck, who is ordered to receive the same for safe custody;—none being allowed in the cabins or amongst the baggage.

BAGGAGE.

Allowance not to be exceeded.]—13. No baggage in excess of the regulated allowance, either by cubic measurement or weight, is to be taken with the troops.

Heavy baggage.]—The heavy baggage intended for the baggage room should be labelled, in large letters on a *white* ground "baggage room." This baggage cannot be got at during the whole of the voyage.

Ladies present use baggage.]—Baggage intended for present use baggage room should be marked on a *green* ground, "present use baggage room," and can be got at every day between 11 a.m. and noon. This baggage room is intended only for ladies' baggage.

Cabin baggage.]—Each officer or lady will be allowed two medium-sized portmanteaus as cabin baggage, which should be marked on a *yellow* ground, "cabin." Regulation size for trunks, &c., 36 inches long, 15 inches wide, 14 inches deep.

Change of temperature.]—It is recommended to all officers and ladies on the *outward voyage* to have their light clothing for use in the Red Sea, and on the *homeward voyage* their thick clothing, packed in separate boxes labelled with a *white* label *crossed* with a *green* one; these boxes will be stowed near the door of the baggage room, and will be got up soon after leaving Suez or Port Said.

Labels, how obtained.]—Printed labels can be obtained from the Quartermaster General's office at Portsmouth, Queenstown, and Bombay; or from the steward on board. They should be attached to the packages before they are sent alongside the ship.

Women's boxes.]—Each married woman will be allowed to have one box (which must not be higher than 14 inches), in the women's quarters. It should be marked with the husband's name and "*women's quarters*," on a red label, and must be brought on board by the woman, and not sent with the heavy baggage.

Men's kits.]—The bags which contain the men's kits will be stowed overhead *going out* and in the baggage room *coming home*. Those stowed in the baggage room will be got up twice on the voyage, viz., once to get out warm clothing, and again for the clothes required to land in. They will be re-stowed in the baggage room after each time.

Soap and tobacco.]—Soap and tobacco for the use of the troops should be sent on board with the baggage, but last.

Baggage guard and fatigue party.]—A baggage guard of 1 officer and 12 men, with a fatigue party of at least 1 officer and 80 men, should accompany the baggage, and as many officers' servants as can be spared should form a part of the fatigue party. A clerk, and one of the band, should also be sent to see that the articles required for the orderly room table, the music, and band instruments are not sent down into the baggage room.

Orderly room, books, and band instruments.]—There is only a sufficient number of sailors to sling and unsling the boxes; the only thing for which the officers of the ship can be held responsible.

DOGS.

Number not to exceed four.]—14. One dog is allowed for every 200 men, but the total number is not to exceed four. They are to be shown on the requisition from the Horse Guards in England, or from the Quartermaster General's department at Bombay, on the embarkation roll, with the names of their owners: also in the return furnished by the military commanding officer to the captain of the troop ship. They are to be strictly confined to the waist, and on no account are they to be taken into the saloons or cabins.

LABELS ON RIFLES.

To be pasted on.]—15. A label should be pasted on the side of the butt of each rifle, showing the owner's name and number, and another on the heel of the butt, showing the number of his company.

Digitized by Google

GEN. ORDERS—*continued.*

Slings to be taken off.]—The slings must be taken off the rifles before the troops embark.

Charge of arms in racks.]—It will also be found a good plan to appoint two men from each company to take care of the arms in the racks on the troop decks immediately after the embarkation.

PASS TICKETS FOR SOLDIERS' WIVES.

Passes to be signed.]—16. Each woman about to be embarked is to be furnished with a pass signed by the commanding officer or adjutant, stating her name, the name and rank of her husband, and the number of children with her, which must be produced before she can be allowed on board,—and given up in exchange for the number of her berth. In case of a woman arriving without a pass, but with proper papers to show that she is to embark, the military staff officer superintending the embarkation may give her one.

LIQUORS NOT TO BE BROUGHT ON BOARD.

Liquors not to be brought on board.]—17. Wine, spirits, &c. are not to be taken on board by officers, soldiers, or their families, without the written approval of the captain of the ship; and officers proceeding in command of troops will, as far as practicable, see that this regulation is enforced. If permission be granted, the liquors are to be stowed in the spirit room until the troops disembark.

DINNERS PROVIDED.

Dinners will be provided unless contrary orders are sent.]—18. Dinners for the day on which troops embark for foreign service will always be prepared for them on board the troop ship, unless the officer commanding the regiment or corps to which they belong shall send timely notice to the officer commanding at the port of embarkation that dinners will not be required on board on that day, in which case the latter officer will apprise the naval authorities at the port.

APPENDIX B. TO G.O. 77.

B.—CIRCULATING SET OF ELECTRICAL APPARATUS.

To afford facilities for the delivery of experimental lectures on science, a complete set of apparatus on frictional electricity has been fitted up in two boxes. This apparatus, with text books on electricity, will be lent to any of the stations in the neighbourhood of London, for a period not exceeding *three weeks.*

At the expiration of the three weeks, or sooner, if the apparatus should not be required for so long a period, the boxes are to be transmitted by luggage train to Mr. W. M'Leod, Royal Military Asylum, Chelsea, unless instructions should meanwhile be issued to, forward them to any other station.

The greatest care is to be taken of the apparatus, and the following rules will be observed:—

I. At the close of a lecture each piece is to be carefully repacked in the drawer, or division, from which it was taken.

II. No one is to work the machine or to handle the apparatus, unless under the superintendence and the direction of the lecturer.

III. The electrical machine must at all times be carefully handled; and to prevent breakage, the side of the plate should never be placed directly in front of a fire.

IV. Application for the apparatus is to be made only by those who have been accustomed to the use of the same, and are qualified to lecture on electricity.

V. To ensure proper arrangements for the circulation of this apparatus, all applications for the loan of the same should be forwarded to the Secretary to the Director General of Military Education on or before the 31st October.
